

Adopt-A-Class Goals

- ☑ To provide assistance through financial and/or material donation.
- ☑ To provide an awareness of the importance of education through support of our school.
- ☑ To create an atmosphere among our staff and students of pride and respect for our neighborhood business community.

Corporate Adoption Objectives

- ☑ To seek financial support for our classrooms, special projects and for specialized areas of our school such as the Technology Lab, Art, Media Center, Music and Physical Education programs
- ☑ To create an environment in which the children and staff can feel that our local business community is enthusiastically dedicated to our children's education
- ☑ To create an attitude of pride and respect for our local business partners and to make the children aware of the importance of education in any career

What does the Adopter Receive?

- ☑ A thank you letter from the class
- ☑ A thank you letter from the Assistant Principal
- ☑ Official receipt for tax purposes
- ☑ Recognition in the school newsletter informing families and staff about the business and/or individuals that have adopted a class
- ☑ Display of business or individual name on our indoor marquee until the end of the school year

Did You Know?

Did you know the public school teachers and administration spend an average of \$1,200 of their own money each year to meet basic classroom needs, a \$4 billion out of pocket expense that teachers incur annually?

Adopt-A-Class addresses the problem of needed resources which have become increasingly scarce in the classrooms of today. Lack of adequate supplies can undermine a teacher's effectiveness and ultimately will affect a student's success. Our program is designed to identify and commit private-sector funds and community partners so that teachers can purchase added resources for their students. Adopt-A-Classroom partners lighten the financial burden many teachers bear themselves and significantly enhance the opportunity for both teacher and student success in the classroom.

Curlew Creek Elementary ADOPT-A-CLASS PROGRAM

The objective of "Adopt-A-Class" is to make neighborhood businesses and individuals aware of the quality education that our school provides to our youth. We are seeking your financial support to assist in sustaining this quality of learning. Your support will ensure students will experience exciting and engaging learning in a way that responds to their individual needs.

Our Adopt-A-Class program is designed to invite businesses or individuals to sponsor a classroom or program. The funds are used solely for the children and goes directly to that class or program to purchase items such as paper, pencils and writing journals; books, visuals and items needed for theme units, Language Arts and Math manipulatives, materials for art projects and more! The school will recognize the Adopt-A-Class sponsor in our school newsletter and the class will present the sponsor with a thank you certificate as well as welcoming the sponsor to share their skills and career backgrounds with the students.

Corporate Sponsors: When you elect to adopt one of our classrooms you make an investment in the most important part of our community—the students and our future. Another benefit of classroom adoption by local businesses is the valuable and positive exposure to over 580 students and their families as well as over 130 faculty members. All donations received will go directly to the class or special area you request. As the neighborhood sponsors become involved with our youth, those positive influences will grow in our children and therefore flourish in our community. Professional firms, restaurants, retail and service businesses, larger corporations, friends and family members are just a few who are invited to sponsor our classes and programs. Thank you for your consideration of this effort.
