August 24, 2020

Dear Curlew Creek Family,

Welcome to an exciting year at Curlew Creek! Although this year will initially not look as “traditional” as school has in previous years, we are thrilled to spend the year working with you and your child to achieve academic success.

Starting the new year gives us the opportunity to make new plans, design new strategies and implement new ideas. There is a special kind of joy and satisfaction in planning lessons and activities for a new group of children for both face to face instruction and online learning. Our vision is for each child to make a year’s worth of learning gains in reading, math, writing and science. This vision will guide us as we make the best educational decisions for your child.

Our school day begins at 8:45 and ends at 2:55 each day. Since there is no adult supervision before 8:15, for your child’s safety, please make sure that they arrive on campus after that time.

Your child will be bringing home many important papers over the next few days. Please take a moment to read over the information, especially the Pinellas County Code of Student Conduct. Our parent handbook is not printed in the planner this year and will be posted online. Please be aware that classes are built on projected enrollment and may change after school begins, to equalize class numbers within the school.

At this time, due to PCS COVID-19 guidelines visitors are restricted for at least the first nine weeks of school. Volunteering and mentoring will be done virtually. In addition, eating lunch with your child on campus has been suspended.

I look forward to sharing an exciting learning year with all of you! If you have any questions, kudos or concerns, please feel free to by contact me by email or telephone.

Sincerely,

Kathy Brickley
Principal
